Rohit Kapoor: The Visionary Behind Meghdoot's Unparalleled Growth

Under the exceptional leadership of Rohit Kapoor, Meghdoot Corrugators has expanded its reach and established itself as the go-to packaging partner for industry leaders and global brands. Today, Meghdoot proudly serves as a trusted supplier to renowned international conglomerates and industry giants, including GSK, Nestlé, Reckitt Benckiser India Ltd, Tata Global Beverages, Devyani Foods Ltd, Zara, Puma, Adidas, and Mehmood Rice.

Most notably, Meghdoot has become the premier packaging partner for the Indian Apple industry in Jammu and Kashmir, providing innovative, tailored solutions to meet the region's unique demands. In addition to its domestic presence, Meghdoot exports high-quality corrugated packaging to leading companies worldwide, cementing its reputation as a trusted global player.

Born in October 1978, Rohit Kapoor inherited a legacy of business acumen from his father, Sant Kapoor, a highly respected pioneer in the Indian corrugated box industry. Building on this foundation, Rohit has worked tirelessly to grow Meghdoot's client base and forge lasting partnerships with some of the world's most prestigious brands.

An accomplished graduate with a Bachelor of Commerce (2001), Rohit majored in Management and Marketing from the Chartered Institute of Marketing, UK, and earned a Postgraduate Diploma in Business Management with Distinction from Wigan & Leigh College, UK. Rohit has elevated Meghdoot to unmatched credibility and trust within the packaging industry with his expertise, passion, and customer-focused approach.

Whether working with global powerhouses like Zara, Puma, and Adidas or providing tailored packaging for leading food and beverage companies like Nestlé and Tata Global Beverages, Meghdoot Corrugators continues to set the standard for quality, innovation, and reliability under Rohit Kapoor's visionary leadership.

MEGHDOOT CORRUGATORS : **SERVING DIVERSE INDUSTRIES WITH EXCELLENCE**

Meghdoot Corrugators has set the benchmark for quality and reliability across various industries by combining innovative solutions with stringent quality control measures. Our state-of-the-art quality control facility at our Uttarakhand plant ensures that every product meets the highest standards. To maintain hygiene and precision, all workers directly handling packaging materials adhere to strict regulations, including wearing protective hairnets and gloves, making Meghdoot a trusted leader in food and cosmetic care packaging.

Our unwavering commitment to research and development (R&D) and drive to maintain exceptional quality standards have made Meghdoot the go-to partner for leading e-commerce platforms and globally recognised fashion brands.

Industry **SEGMENTS**

- ▶ *11000 MT Paper Conversion Per Month*
- ▶ *Higher Productivity, Higher Flexibility, Better Service*
- ▶ *Assuming Box Price Rs. 20 Save Minimum 5% @ Rs. 1.10 Per Box*

INDIA'S FIRST Taiwanese Corrugator Cutting EDGE PERFORMANCE

Meghdoot Corrugators set a milestone in 2010 by introducing India's FIRST Taiwanese Corrugator—a state-of-the-art machine designed for exceptional performance and durability. With a speed of 300 meters per minute, it ensures high productivity and flexibility in every run. Featuring German Tungsten Carbide-coated Flute Rolls and a Positive Pressure Single Facer, this machine achieves 21.25% higher box compression strength, ensuring more vigorous, more reliable packaging. With a capacity of processing 4,800 MT of paper per month, this investment drives higher productivity, reduced costs (saving up to ₹1.10 per box), and faster turnaround times. Meghdoot's Taiwanese Corrugator remains a key player in delivering superior packaging solutions with unmatched speed and efficiency.

India's First Six-Color FLEXO Post Printing Machine **VIBRANT AND EFFICIENT**

Meghdoot also boasts India's FIRST Six-Color FLEXO Post Printing Machine, a breakthrough in multi-colour printing technology. This six-color high-graphics machine operates at an impressive speed of 20,000 boxes per hour, making it ideal for vibrant, high-quality packaging. The post-print production process offers several advantages, including an 18% reduction in printing costs compared to traditional methods. It also saves 5% on paper consumption and improves the print quality, ensuring sharp, clear graphics on every box. With higher BCT, this machine delivers packaging solutions that look great and withstand the rigours of transportation and storage.

4 European DIE CUTTERS

Die Cutter – Precision and Speed in Every Cut

Our Die Cutter is engineered for precision and efficiency, capable of handling boxes up to 1100 x 1600 mm in size with a cutting speed of 4,800 boxes per hour. Whether it's a simple or complex die-cut design, this machine offers zero calliper loss, ensuring that the cut and box strength quality remains uncompromised. The Die Cutter is a one-stop solution for creating custom die-cut boxes, even with intricate designs and multiple holes. Maintaining zero loss of BCT ensures that every box meets our high durability standards. This machine contributes 5% savings on complex die-cut boxes, improving cost efficiency without compromising quality.

European Flat Bed Die Cutter – Unmatched Performance and Savings

Rounding out our cutting-edge machinery is India's FIRST High-Speed 100% European Flat Bed Die Cutter, designed for high-volume, high-quality production. With an impressive monthly production capacity of 12,000 MT, this machine ensures that Meghdoot meets large-scale demands while maintaining exceptional quality. We've achieved over ₹100 million in savings over the past three years by employing value re-engineering. This European-made die cutter can handle multi-colour boxes and guarantees precision, speed, and top-tier performance. Its superior technology positions Meghdoot as a leader in the corrugated packaging industry, offering exceptional service, quality, and cost savings to our clients.

We also offer a wide range of corrugated packaging solutions tailored for various industries, including:

Company

HIGHLIGHTS

With over three decades of expertise, Meghdoot has solidified its position as a trusted name in the packaging industry. Our extensive experience is reflected in the delivery of over 71 million boxes last year, a testament to our capabilities. We are well-equipped to handle even the most demanding orders, operating from state-of-the-art facilities covering 500,000 square feet (15.5 acres) and boasting an impressive monthly paper conversion capacity of 18,000 metric tons. Quality is our top priority, with over 340 checkpoints ensuring the highest standards throughout our processes. Our reliability and efficiency are demonstrated in our consistent meeting of delivery deadlines across more than 1,700 kilometres—partner with us for precision, scalability, and a proven track record in innovative packaging solutions.

At Meghdoot Corrugators, we combine cutting-edge **European machine technology** with an unwavering commitment to quality, delivering **exact corrugated boxes** tailored to your needs. Our innovative value re-engineering saved ₹25 million for five clients last year, demonstrating our focus on cost efficiency without compromising quality. We offer 6-color, high-definition printing, elevating the visual appeal of your packaging while ensuring competitive pricing. Specialising: We specialise in boxes for automatic packing lines and guarantee optimal performance and smooth operation. Our 150+ GPS-enabled trucks and 24/6 production schedule ensure timely, reliable deliveries, no matter the urgency. With a highly skilled, dedicated team and a 15.5-acre manufacturing campus capable of converting 15,000 MT of paper per month, we deliver consistent, high-quality packaging solutions. Additionally, our ability to service clients across 1700 Km with seamless logistics and 15-day payment terms to suppliers positions Meghdoot as a trusted partner for your packaging needs—ensuring the right quality on time, every time.
